

# FOLDING RAMP

*portable ramps for  
indoor & outdoor use*

# Folding Ramps

*ready to use in seconds!*

Folding ramps are always **ready to use in seconds.**

Just **fold on wheels** easily and **move on wheels.**

Making accessible to building, steps and vehicle takes only a few seconds.

Need **only 15cm depth area for storage.**

Innovative designed **100% aluminium** made profiles provides high loading capacity and lightweight structure and antislip surface in use.

- User-friendly wheeled design
- 100% aluminium made \_ 6063 T6 Hardness
- Innovative closed aluminium profile design provides high loading capacity.
- Antislip surface
- 15cm width storage area
- 5 years warranty

15cm depth when folded

height adjustable folding support feet  
\*for 220cm and longer ramps

easy to operate with wheels and ergonomic aluminium handles

lightweight aluminium profiles offer high loading capacity & antislip surface

higher user safety:  
side border height options 6cm & 8cm

# Folding Ramp

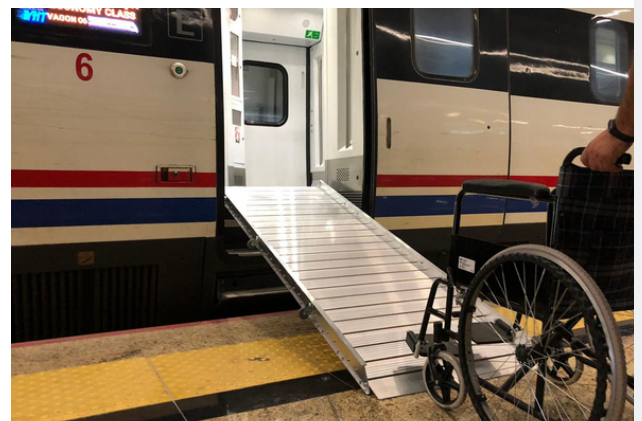

## How to use ?

Folding ramps are completely **portable** and **ready to use** without installation. Extremely easy to move and fold on wheels, just lay it on. Takes only a few seconds to make the world accessible.

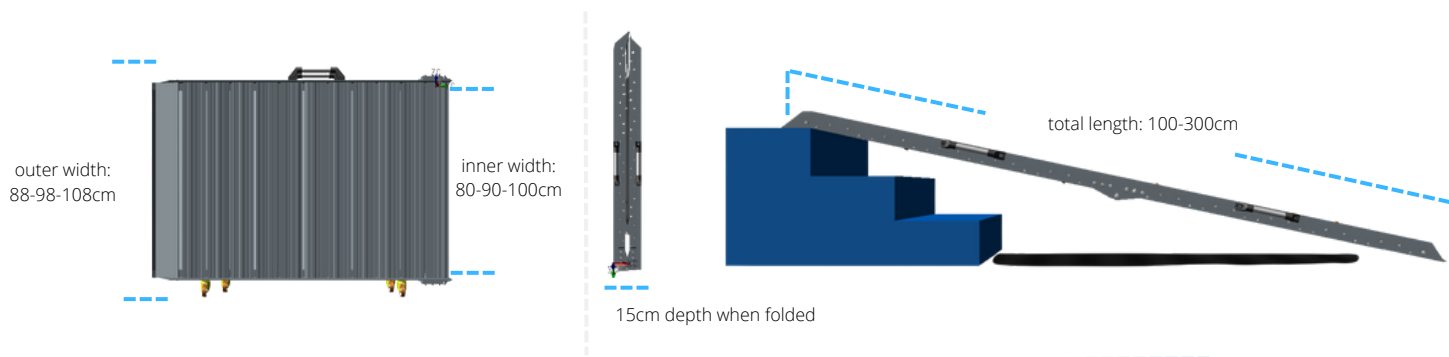

## Where to use ?

Historical buildings, open public buildings, schools, shops, theaters, Vans etc, can be made accessible in seconds without any installation. And it's an ideal solution for accessible events.

# Folding Ramps

## Technical Datas
